Instructions for Using the Halloween Jeopardy Game

Set Up

1. Set up a laptop (with PowerPoint) and projector.
2. Orient the students to “Jeopardy” by showing them a clip of the show:
<http://www.youtube.com/channel/HCqJFtbleoFGE>.
3. Divide into teams. Give each team a bell, buzzer or other noise maker.
4. Provide a score board and prizes.
5. A student or teacher can play the role of Alex.
6. Use slideshow mode in PowerPoint.
7. Navigate to the question slide by clicking on the dollar amount.
8. Reveal questions by clicking on coloured question slide.
9. Return to main game board by clicking on arrow on the bottom left corner.

Rules

10. Answers must be in the form of a question! “What is Dracula?”
11. Teams can confer, but only one team member can provide answer.
12. If teams form a question wrong or shout out answers, come up with a penalty.
13. If the answer is wrong, another team can buzz in.
14. If all teams get the question wrong, the points are lost.
15. When board is cleared, the team with the most dollars wins!

Variation

- Give each team a laptop, and 3 minutes to Google the correct answer.

Note: The game board is fully editable. “Save As...” and create your own Jeopardy game to review any facts.
